RE: MUR 6671

I am responding to a complaint against me that I may have violated the Federal Election Campaign Act of 1971.

I respectfully submit the following as what happened.

On August 29, 2012 I sent check number 2182 in the amount of \$5,000 to Randy Weber for Congress. The check had only my name imprinted on it. I was aware the maximum donation allowed per person was \$2,500. Half of the donation, \$2,500, was sent for my wife Patricia B. Medlin.

I received a letter from Randy Weber dated September 28, 2012, copy included, stating that federal law requires the signature of my wife in order to attribute \$2,500 to her.

We intended the \$5,000 to be a donation of \$2,500 from each of us.

We believe that no action should be taken against us in this matter. We request that confirmation be sent to us and to Randy Weber that the complaint has been resolved
